Presenting Indiana Limestone Designer Trim Series from Indiana Limestone Company. Genuine Indiana Limestone Trim and Accent stone that adds a natural and innovative finishing touch for your residential or commercial projects. This specification guide will assist you with information for the appropriate selection of trim products from headers to sills.

The innovative Indiana Limestone Designer Trim Series products are available in a variety of popular sizes and colors. They have been especially fabricated to meet the changing needs of architects, designers, and builders. Made from the same genuine Indiana Limestone that has been used in this century's most significant buildings including the Empire State Building, Pentagon, and National Cathedral, the Designer Trim Series is ready for your next project.

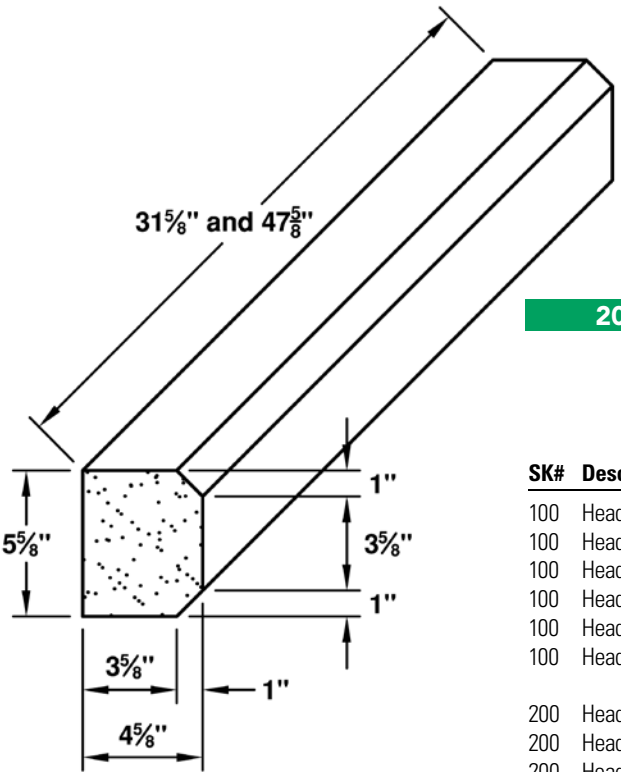

Indiana Limestone Company is unmatched as the only fully integrated supplier of Indiana Limestone. From raw block and slab material to dimensional cut stone and building products, we are a leading supplier of the Nation's Building Stone. Since our founding in 1926, we continue to be the largest limestone quarrier and fabricator in the United States. At Indiana Limestone Company our strength is in our reliability as we consistently provide high quality products and services to meet your needs.

Indiana Limestone is a natural product. Subtle variations in color and texture do occur and are part of what makes this natural stone unique and attractive. We cannot guarantee an exact match to any of the drawings or photographic images contained in this Guide. Indiana Limestone Company's continuing attention to product improvement requires that product specifications, technical information, and availability are subject to change without notice. ©2009 Indiana Limestone Company, All Rights Reserved IndianalimestoneCompany.com
